

## **BIBLE READING**

The Bible reading for the day is in service details on Elvanto under the 'Plan' tab

### **Preparation**

- Make sure you practice it a few times before hand to familiarise yourself with:
  - People and place names
  - Where pauses and emphasis should be placed in your reading

### **Before you read**

- Tell everyone the passage AND page number
- You may like to give a one sentence introduction to remind people what we heard the previous week and help set the scene
- If the service leader hasn't already done so, pray for God to help us understand his word
- Wait until everyone has stopped flipping the pages and found the passage. We want to make sure everyone can read along as you read.

### **When you read**

- Read with expression
- Read slowly
- Read clearly

### **When you finish**

- You might like to say "This is God's word to us" or "This is God's word"
